NORTH BENGAL MEDICAL COLLEGE

NBMC

PROSPECTUS

SESSION: 2025-2026

NORTH BENGAL MEDICAL COLLEGE

SIRAJGANJ, BANGLADESH

Welcome to North Bengal Medical College Sirajganj, Bangladesh

Vision and Mission of North Bengal Medical College (NBMC), Sirajganj

Vision:

Ensuring a learning environment for the undergraduate medical programme that encourages and promotes the development of clinically proficient, socially responsive and culturally sensitive medical professionals those are motivated to serve the community with compassion and dedication.

Mission:

1. To provide quality education with basic principles, methods and knowledge adequate to practice preventive, curative and promotive healthcare in the community.

2. To promote innovative and interdisciplinary research for advancement of medical science that improve public health outcomes.

3. To produce socially responsible, competent, compassionate, reflective and dedicated health care professionals who are capable of managing national and global health problems.

4. To inspire development of essential qualities, strong sense of morality and a basic desire to serve the suffering humanity.

5. To provide comprehensive knowledge of the community and the country's socio-economic conditions, inspiring students with values and commitment to improve these conditions through the application of professional ethics, etiquette and skills.

Founder of North Bengal Medical College Late Professor Dr. M.A. Matin

Professor M. A. Matin was born in Kurigram district on November 13, 1937. He lost his father Late M.A. Sobhan while he was only five months old. His mother then moved to Sirajganj with her family and started upbringing her sons and daughters. Matin was a very meritorious student throughout his studentship and secured the 5th position in order of merit in the nationwide Matriculation Examination in 1953. After completing the higher secondary course from Government Dhaka College in 1955, he got admitted into Dhaka Medical College and became a physician after successfully completing the MBBS course in 1960. He then went to United Kingdom for higher studies in Ophthalmology and successfully earned the Diploma in Ophthalmology DO, London, 1964) and FRCS (Royal College of Surgeons, Edinburgh, 1967). When returned to Bangladesh (then East Pakistan, Dr. Matin joined Government Health Service and served as Associate Professor of Ophthalmology and Professor of Ophthalmology at the then IPGMR (Institute of Postgraduate Medicine and Research) (currently, BSMMU), Dhaka from 1967 to 1977.

For his strong professional expertise, he was also engaged as Consultant, Ophthalmology of different national renowned institutions like Islamia Eye Hospital, Dhaka, the Combined Military Hospital (CMH), Dhaka, the Holy Family Hospital and Diagnostic Centre, Dhaka. During this period, he was awarded the status of Honorary Colonel from Bangladesh Armed Forces.

In recognition of Prof. Matin's professional contribution, he was awarded FCPS without examination by the Bangladesh College of Physicians and Surgeons (BCPS) (1974), FRC (Fellow of Royal College) in Ophthalmology by the College of Ophthalmologists of London (1989), Honorary FCPS by the College of Physicians and Surgeons of Pakistan (1993) and FRCP by the Royal College of Physicians of Edinburgh, Scotland, UK (1995).

In late 1977, Prof. Matin left Government Health Service and started community eye care for the poor and was involved in various voluntary and social welfare activities. He became the Deputy Adviser to the President of the People's Republic of Bangladesh for the Ministry of Health and Family Welfare in 1978 and soon after became the Minster in-charge of the same ministry. He continued to serve as a cabinet minister till August, 1989. During his tenure as cabinet member, he was the minister in-charge for the ministry of Education, Home Affairs, Commerce and Ministry of Works until his resignation from the cabinet, while he was in the position of Deputy Prime Minister of the Government of Bangladesh.

Prof. Matin was elected four times as the Member of Parliament (MP) (1979, 1986, 1988 and 2001) from the constituency of Sirajganj-6 and Sirajganj-2.

In the professional community, Prof. M.A. Matin was the elected President of the Ophthalmological Society of Bangladesh (OSB) for 18 years between 1975 and 1995.

During this period, his instrumental role made the success in establishing the National Institute of Ophthalmology (NIO) at Sher-E-Bangla Nagar, Dhaka for training and education of the post-graduate doctors as Ophthalmologists. He also established OSB Eye Hospital and OSB under-5 clinic in Dhaka for free eye care services for the poor. In addition to these works, he also built ten low-cost eye hospitals different rural areas of Bangladesh for providing appropriate eye care services accessible and affordable to the unprivileged population.

He served as the President of Bangladesh College of Physicians and Surgeons (BCPS) for two consecutive terms during 1981 to 1985. He was the Founder Secretary General of Bangladesh National Society for the Blind, Vice Chairman of Bangladesh Medical Research Council (BMRC), Chairman, Ethical Review Committee of the International Center for Diarrhoeal Disease Research in Bangladesh (icddr,b) and Chairman, Public Administration Training Centre (PATC). He was also one of the Vice Chairmen of the Asia Pacific Academy of Ophthalmology and Vice President, World Health Assembly in Geneva, Switzerland (1988).

In addition to his political and medical profession, Prof. Matin believed in quality higher education for all students across the nation. In view of this, he established by his own personal initiative, a private university (University of South Asia) in Dhaka and a Medical College and Hospital (North Bengal Medical College and Hospital) at Sirajganj.
Prof. Matin has established a fully functioning handicraft centre at Sirajganj through an organization named as "Bridge of Light" through which various programs and activities are being conducted providing vocational training to the under privileged male and female workers. Products made by the young workers have drawn attraction of European visitors including the Germans and many of these items are now being exported to their countries.

Prof. Matin attended many internal meetings, seminars and conferences held around the world. He attended the world congress of the International Agency for the Prevention of Blindness (IAPB) held in Oxford (1978), Washington (1982), Nairobi (1990) and Beijing (1999). In 1978 he led the Bangladesh Delegation to the Historic Alma-Ata conference where the Primary Health Care strategy was signed for achieving Health for all by the year 2000 AD (HFA2000AD). Among others were Population Conference in Manila, first South East Asia Regional Health Ministers Conference, Jakarta 1981), Trade Ministers Conference of OIC countries, Istambul (1984), Asian MEET on housing and urban development, New Delhi (1985), Habitat Conference in Washington (1986) and Narcotics Conference in Vienna (1988), World Health Assembly in Geneva (1979, 1980) and Commonwealth Health Ministers Conferences, Geneva. In each occasion, he led the country Delegation as being the concerned Minister. In 1989, he led a Parliamentary Delegation team to Japan including two other Members of the Parliament.

To his credit, Prof. Matin has a number of publications in reputed Journals. His writings including two books, namely Ophthalmic Optics and Treatment of Eye Diseases in Bengali earned huge appreciations.

Professor Matin received many prestigious national and international awards. Among those, he received the prestigious Alim Memorial Gold Medal (first recipient in 1978), Distinguished Service Award from the Asia Pacific Academy of Ophthalmology (1981), ABC IRWIN Award (1982), and SAARCs best Ophthalmologist Gold Medal (1993). He also received the highest award of Asia Pacific Academy the JOSE RISAL Medal in 1993.

Prof. Matin served as Vice Chancellor of the University of South Asia. He was also the Chairman of the North Bengal Medical College Foundation.

Prof. Matin was married to Prof.Tashmina Matin, Founder-Principal of North Bengal Medical College, Sirajganj , who was also an eminent Obstetrician and Gynaecologist. They have two sons, elder one is a Cardiologist and another one is an Ophthalmologist, now he is an Honorable State Minister for Health and Family Welfare of the Government of Bangladesh.

Prof. Matin passed away on June 13, 2012, at the age of 78. He was laid to rest with full honour by people of Sirajganj and Shahjadpur. Prof. Matin’s contributions to his communities will be remembered by the people of this region from generation to generation.

Founder Principal of North Bengal Medical College Late Professor Dr. Tasmina Mahmood

Professor Dr.Tashmina Mahmood (later well known as Tashmina Matin) was born in Sirajganj in 1939. Her father was a renown politician Late Abdullah Al Mahmood. She had her Matriculation in 1953 from Saleha Ishaque Giris High School, Sirajganj and Higher Secondary in 1956 from Rajshahi Govt. College, Rajshahi.

She completed her medical graduation (MBBS) in 1963 from Dhaka Medical College under University of Dhaka. Then she was married to Dr. M. A. Matin and they went to UK for higher education.She completed her DRCOG in 1966 from Royal College of Physicians and Surgeons in London.

Professor Dr. Tashmina had some working experience in the UK during her stay there with her husband.She was employed as House Officer in Sheppey General Hospital, England and as House Surgeon in the department of Obstetrics and Gynaecology of the Royal Victoria Hospital, Bromley General Hospital and Ossett Hospital, England.
Coming back to Bangladesh, Professor Tashmina joined the Government Health Service and worked as Registrar, Sir Salimullah Medical College and Mitford Hospital, Dhaka, as Assistant Professor of Obstetrics and Gynaecology, Dhaka Medical College, Dhaka,Then she resigned the govt. service and joined Holy Family Hospital, Dhaka as Consultant, Obstetrics and Gynaecology, followed by Senior Consultant, Obstetrics and Gynaecology at Dhaka National Hospital, Dhaka. She upgraded this hospital with her own efforts to Medical College, later named and become famous as Dhaka National Medical College to which she finally served as the Director of the Hospital as well as Principal of the Medical College.

Professor Tashmina with her extensive academic and administrative experiences, then joined their own institution (North Bengal Medical College) as Professor of Obstetrics and Gynaecology and the Principal with which she served till her last breath. After the unexpected and untimely demise of her husband Professor M.A. Matin, she was also serving as Chairperson of the Board of Management of University of South Asia, Dhaka, as Chairperson of the Board of Trustee of North Bengal Medica l College and Hospital, Sirajganj, as President of Sirajganj Diabetic S amity, Sirajganj, as President of Professor MA Matin BNSB Eye Hospital, Sirajganj and as President of the NGO (Dip Shetu), Sirajganj.
Professor Tashmina was also involved in many social works. She established the "Mother and Childcare Centre" and the "Maternity Hospital in Sirajganj and Shahjadpur upazilas. She established the Tashmina Matin Girls' High School, Alampur, Sirajganj and Tashmina Handicrafts Centre, Sirajganj.***

by NIPORT in collaboration with WHO in 1985. Other publications include: "Case Report - Hydatid Cyst in Uterus and Ovary" "Congenital Anomalies of the Foetus", "Post-maturity of Pregnancy". She published a good reference book for the undergraduate students "Obstetrics and Gynaecology-Questions and Answers".
She was awarded lifelong achievement from Gynaecological Post-menopausal Society for best performances.
Professor Tashmina and Professor M.A. Matin are blessed with two brilliant sons: Professor M.A. Muqueet, Chairman, Cardiology Depertment of BMU & currently working as Chairperson of the Board of Trustee of North Bengal Medical College and Hospital and Dr. M.A. Muhit, Honorable State Minister for Health and family Welfare of Bangaldesh and he is famous for working with the handicapped children.

Message From Chairman
Professor Dr. M. A. Muqueet

It is my great pleasure to welcome the 27th Batch MBBS students at North Bengal Medical College (NBMC), Sirajganj. As mentioned earlier, the NBMC was established in the year 2000 with the aims and vision of giving opportunity to study Medical Science and become doctors, especially for those who are coming from middle-class socioeconomic background, particularly from northern part of Bangladesh. With untiring efforts to establish this Medical College, the founder late Professor M. A. Matin and his life-partner late Professor Tashmina Matin could successfully made possible to establish the NBMC as one of the best Medical Colleges in northern part of Bangladesh.

Over the last few years, the number of teaching faculty members have been increased, facilities in the library have been modernized. We have already established e-library, a digital lab and internet services. Currently, all lecture rooms have multimedia facilities and the teaching program is modernized in accordance with course curricula provided by the BMDC and the affiliated Rajshahi University.

We have excellent records of pass rates in all professional examinations in last 15 years, many of our students who passed MBBS from NBMC have completed post graduations in different subjects. The NBMC is affiliated with a 500 bedded multidisciplinary general hospital in the same campus, where students have the opportunities to learn and get trained in many clinical subjects.

Once again, may I take this opportunity to welcome and congratulate our new students from home and abroad for choosing this well-reputed institution to build their medical career in this Medical College. May Allah bless us in fulfilling our dreams.

Thank you

PROF. DR. M. A. MUQUEET
MRCP, FACC, FESC
Chairman
North Bengal Medical College

Message from Advisor

It is a great pleasure to have the opportunity to welcome the 27th batch MBBS students of North Bengal Medical College those who have been selected and admitted into this institution.

From the very inception of this Medical College, I have been keeping me in touch of this institution. This Medical College is continuing its journey for last 26 years and within this period, many young medical graduates came out successfully and proved their competency in different disciplines of medical science in this country and abroad with good reputation.

This institution maintains the congenial academic environment for learning medical science. I do believe that the new comers will also be benefitted in their learning process facilitated by the experienced faculty members and staffs, including those who have been serving here for a long time.

Ultimately, they will achieve the objectives of becoming a good, honest and competent doctor which is a common mission of students and teachers of this institution. They must devoted themselves to learn more about the medical sciences in the process of developing expertise in the different fields of medical sciences. They used to follow and obey the medical ethics, and curriculum to expand their attitude to serve the humanity. It is very essential to maintain the discipline in their personal life to prepare themselves dedicated, sincere and honest medical professionals in their future days of learning period in this institute.

I expect all of your good health and bright potential.

May Almighty bless you all.

Yours sincerely

Professor Dr. S.M. Akram Hossain
MBBS, M.Phil, M.HPEd (Australia)
Advisor
North Bengal Medical College

Message from Principal

Greetings and a warm welcome to all aspiring medical professionals, students and well wishers, from within Bangladesh and beyond.
It is with immense pride and a profound sense of responsibility that I address you through this prospectus. North Bengal Medical College stands as a beacon of medical education in the northern region of Bangladesh, situated in the serene and historic district town of Sirajganj, on the tranquil banks of the mighty River Jamuna. Our location provides not just a picturesque setting for study, but also a constant reminder of the flow of knowledge and the depth of commitment required in our noble profession.

This institution was born from a visionary dream. Our esteemed founder, the Late Professor Dr. Abdul Matin, was not only a great eye specialist but also a dedicated politician who understood the critical need for quality healthcare education in this region. His legacy of service and excellence forms the very bedrock upon which we stand today. We are further fortified by the dynamic leadership of our Chairman, Professor Dr. Abdul Muqueet, Chairman of the Cardiology Department at Bangladesh Medical University, Dhaka. His guidance ensures that our college remains at the forefront of modern medical pedagogy and aligns with national and international educational benchmarks.

Since our establishment in the year 2000, we have journeyed with purpose and passion. As we prepare to welcome our 27th upcoming batch, we reflect on a history of consistent growth and achievement. The college is run by a team of highly qualified and experienced academics, dedicated teachers who are committed to nurturing the finest medical minds. Their expertise, coupled with a student-centric approach, creates an environment where theoretical knowledge is seamlessly integrated with practical understanding.

The quality of education at North Bengal Medical College is best reflected in the successes of our graduates. A good number of our students consistently secure positions in various competitive post-graduate courses both at home and abroad. This is a testament to the strong foundational training they receive here. Furthermore, our reputation for excellence attracts a diverse student body, and a good number of foreign students from India and Nepal also choose to pursue their medical education with us, enriching our campus with a valuable international perspective.

We understand that a holistic educational experience extends beyond the classroom. Our hostel facilities are comfortable and conducive to focused study, fostering a strong sense of community among students from all backgrounds. Our library is a treasure trove of medical literature, and our academic laboratories are beautifully equipped with modern tools and technologies to provide hands-on experience essential for a budding doctor.

What truly enriches the NBMC experience is our spirit of harmony. We are a multicultural and multi-religious institution where students from all walks of life and nations come together in an atmosphere of mutual respect and collaboration. This diverse environment prepares our students to serve with empathy and cultural sensitivity in an increasingly globalized world.
To the new entrants of 2026, you are stepping into a community dedicated to your growth. Here, you will be challenged, inspired, and transformed. The path to becoming a healer is demanding, but it is also incredibly rewarding. With dedication and the support of our entire faculty and staff, we are confident that you will build a brilliant future for yourselves and, in turn, contribute meaningfully to the health of our global community.

We look forward to guiding you on this remarkable journey.

Wishing you the very best,

Professor Dr Md Abu Taher
Principal
North Bengal Medical College, Sirajganj

Group of Students (In front of College Campus)

Honourable Dean, Medical Faculty of Rajshahi Medical University being welcomed by our Respected Chairman and Teachers

Wall magazine being inaugurated by the teachers.

A grand assembly of the honorable Vice Chancellor of Rajshahi Medical University and faculty members marking the Silver Jubilee of North Bengal Medical College

North Bengal Medical College, Sirajganj

Governing Body approved by Rajshahi Medical University

01. Prof. Dr. M. A. Muqueet, Chairman, North Bengal Medical College.
02. Prof. Dr. Md. Abu Taher, Principal & Member Secretary, Governing Body, North Bengal Medical College, Sirajganj.
03. Director (Medical Education), Directorate General of Health Education, Mohakhali, Dhaka.
04. Deputy Secretary (Adminitration-2), Medical Education & Family Welfare Division
05. Principal, Member, Governing Body, Shaheed M. Monsur Ali Medical College, Sirajganj.
06. Principal, Member, Governing Body, Pabna Medical College, Pabna.
07. Prof. Dr. Shahin Rahman Chowdhury, Member, Governing Body, 116 Shantinagar, Dhaka
08. Dr. M. A. Muhit, Member, Governing Body, Moktarpara, Sirajganj.
09. Samir Mohammad Mukit, Member, Governing Body, 116 Shantinagar, Dhaka
10. Monjur Hasan Mahmud, Member, Governing Body, Al-Mahmud Avenue, Hossainpur, Sirajganj

12. Md. Arman Ali, Member, Governing Body, Sayadanghora, Nayanmor, Sirajganj
13. Dr. Md. Faisal Aziz Chowdhury, Assistant Profesor, Member, Governing Body, Community Medicine & public health Department, North Bengal Medical College, Sirajganj.
14. Md. Jahangir Alam Rotan, Member, Governing Body, S.S. Road, Sirajganj.

Members of the Academic Council

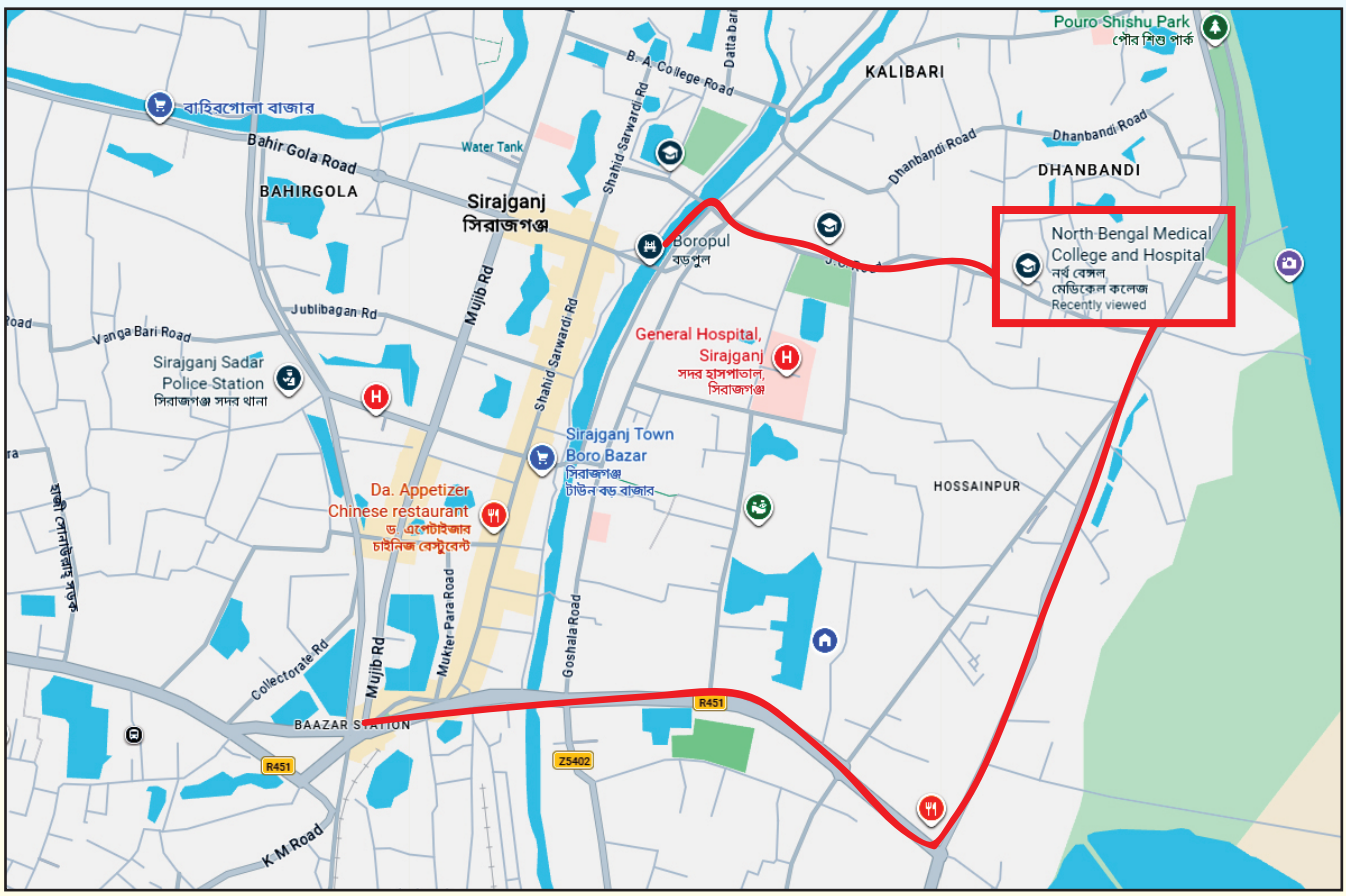

1. Chairman, Governing Body of North Bengal Medical College
2. Principal of the North Bengal Medical College
3. Director of the North Bengal Medical College Hospital
4. All Professors of the Departments
5. All Heads of the Departments
6. One Associate Professor (on senior basis, if more than one) from the Departments
7. One Assistant Professor (on senior basis, if more than one) from the Departments
8. Two members of the Governing body

College Location:

North Bengal Medical College (NBMC) has been established in the year 2000 as per permission of the Government of People's Republic of Bangladesh. The College is situated in a beautiful location on the bank of River Jamuna , covering an area of 6.17 acres (18 bighas) of land in the district town of Sirajganj. The campus has a special scenic beauty with lush green trees and meadows interspersed by newly constructed modern building and the old heritage buildings.

The NBMC is Located at J.C. Road, Dhanbandi, Sirajganj and offering the degree of Bachelor of Medicine and Surgery (MBBS) under the University of Rajshahi, Bangladesh.

Curriculum:

The Curriculum adopted by the faculty of Medicine, Rajshahi Medical University and approved by the Bangladesh Medical and Dental Council (BMDC) is used.

Affiliation:

This College has been affiliated by the Ministry of Health and Family Welfare, the Bangladesh Medical and Dental Council (BMDC) and Rajshahi Medical University. Degrees will be conferred by the Rajshahi Medical University, Bangladesh.

Classroom and other Facilities:

The College building is accommodated in a five-storied foundation building. It has classroom facilities for more than four hundred fifty students, along with practical demonstration classes within the College building. The Library is located within this building. There are already lecture galleries with all audiovisual facilities. There is a good spacious dissection hall, in addition to well-equipped Histology, Biochemistry, Physiology, Pharmacology, Pathology and Microbiology laboratories. In addition, we have well-established museum of Anatomy, Pathology and Community Medicine Departments.

Hospital:

A 500-bedded hospital is now fully equipped with Departments of Medicine, Surgery, Obstetrics and Gynaecology, Ophthalmology (Eye), Otolaryngology and Head Neck Surgery (Ear Nose and Throat), Anaesthesiology, Radiology & Imaging, Pathology, Microbiology, Skin and Venerea Diseases, Paediatrics, Neonatology, Cardiology, Physiotherapy, Outpatients and Emergency Departments.

Procedure for Selection of Students:

a. Selection of students will be made strictly on the basis of the results of the written examination administered by the DG Health Services.

b. All applications for admission must be submitted in the prescribed form available from the Office of the Principal, North Bengal Medical College, Sirajganj.

c. The prescribed application form, duly filled up, must reach to the Office along with the acknowledgement slip for the non-refundable registration fee of Tk.1,000.00 (One Thousand) only.**

d. Application form submitted without receipt of registration fee will NOT be accepted.

e. Completed application in prescribed form will be submitted to the Office of the Principal, North Bengal Medical College, Sirajganj within prescribed time schedule.

f. Attested photocopy of the following documents must be submitted with application form:

- ⇨ Certificate of S.S.C. and H.S.C. Examinations or their equivalent.
- ⇨ Testimonial of passing H.S.C. or equivalent Examination from the Principal of the College from which he/she passed the H.S.C. or equivalent Examination.
- ⇨ Marks' sheets/ transcript of S.S.C. and H.S.C. or equivalent Examinations.
- ⇨ Certificate from the head of the institution in which the applicant studied last regarding his/her character, academic career and extracurricular activities.
- ⇨ Character Certificate from a 1st class gazetted Officer.
- ⇨ Nationality Certificate from Union Parisad Chairman/ Ward Commissioner.
- ⇨ 4 (Four) copies of recent passport size photographs.

iii. On non-payment of the College dues within three months of date of payment.

Student Attendance:

Student attendances are recorded in Attendance Registers. Attendance reports are sent to the Parents/Guardians on a quarterly basis.

Course structure and duration:

The MBBS course is divided into four phases:

Phase	Duration	Subject	University Examination
1st Phase	1 ½ Year	Anatomy Physiology Biochemistry	First Professional MBBS
2nd Phase	1 Year	Pharmacology and Therapeutics Forensic Medicine & Toxicology	Second Professional MBBS
3rd Phase	1 Year	Community Medicine & Public Health Pathology Microbiology	Third Professional MBBS
4th Phase	1 ½ Year	Medicine and Allied subjects Surgery and Allied subjects Obstetrics and Gynaecology	Final Professional MBBS

N.B.: All academic activities including professional examination of each phase must be completed within the specified time of the phase.

Teaching & learning methods:

The following teaching and learning methods will be followed:

Large Group Teaching:

- Lecture
- Seminar

Integrated teaching : 102 topics

- Phase I : 12 topics
- Phase II: 7 topics
- Phase III: 10 topics
- Phase IV: Common 42 topics + Departmental 31 topics = 73 topics

(Departmental topics Medicine 10 topics + Surgery 11 topics + Gynae & Obs 10 topics)

Small Group Teaching:

- Problem Based Learning (PBL)
- Tutorial
- Demonstration
- Students interaction

Practical session:

- Use of practical manual
- Performing the task/examination by the student
- Writing the practical note book

Field Placement (Community based medical education):

- In small groups for performing activities by the student themselves

Clinical teaching:

- In ward, OPD, ED, ambulatory care teaching, OT, POW, ICU, etc.
- By concerned persons

NB: Ambulatory care teaching there should be a ratio of 1:4 (25% ambulatory care teaching and 75% indoor teaching).

Encourage to learn ICT through computer lab of the college.

Assessment:

A. There will be in-course/formative (item/card/term) and end-course/summative (Professional) assessment for the students in each phase (1st, 2nd, 3rd & 4th phase) of the Course i.e. formative and professional examination.

B. Formative assessment will be done through results of items, card and term ending examination, weightage from integrated teaching & class attendance.

C. For formative assessment, 10% marks of written examination of each paper of each subject is allocated.

D. In written examination for MCQ of each paper, 20% marks are allocated. Out of that Single based answer (SBA) type of MCQ will be 50% and Multiple true false (MTF) type of MCQ 50% in formative and summative assessment of all subjects of MBBS course. There will be separate answer script for MCQ part of examination. Total number of MCQ will be 20 for 20 marks out of which 10marks for SBA and 10marks for MTF.

E. Short Answer Question (SAQ) and Structured Essay Question (SEQ) will be in written examination of each paper, 70% marks are allocated. Out of 70 marks Structured essay question (SEQ) will be around 25% along with short answer question (SAQ) around 75% in formative and summative assessment of all subjects of MBBS course.

F. Oral part of the examination will be Structured Oral examination (SOE).

G. OSPE/OSCE will be used for assessing skills/competencies. Traditional long & short cases will be also used for clinical assessment.

H. There will be phase final professional examination within the each academic phase.

Eligibility for appearing in the professional examination:

Certificate from the respective head of departments regarding students obtaining at least 75% attendance in all classes (theory, practical, tutorial, residential field practice, clinical placement etc.) during the phase.
Obtaining at least 60% marks in formative examinations.
No student shall be allowed to appear in the professional examinations unless the student passes in all the subjects of the previous professional examinations.

Pass Marks:

Pass marks is 60%. Student shall have to pass written (SBA & MTF-MCQ+SEQ+ SAQ + formative), oral, practical and clinical examination separately.

Examinations & distribution of marks:

First Professional Examination

Subjects	Written Exam marks	Structured Oral Exam marks	Practical Exam marks	Formative Exam marks	Total Marks
Anatomy	*180*	*150*	*150*	*20*	*500*
Physiology	*180*	*100*	*100*	*20*	*400*
Biochemistry	*180*	*100*	*100*	*20*	*400*
Total					*1300*

Second Professional Examination

Subjects	Written Exam marks	Structured Oral Exam marks	Practical Exam marks	Formative Exam marks	Total Marks
Pharmacology & Therapeutics	*90*	*100*	*100*	*10*	*300*
Forensic Medicine & Toxicology	*90*	*100*	*100*	*10*	*300*
Total					*600*

Third Professional Examination

Subjects	Written Exam marks	Structured Oral Exam marks	Practical Exam marks	Formative Exam marks	Total Marks
Community Medicine & Public Health	*90*	*100*	*100*	*10*	*300*

Preparation for Silver Jubilee

Instructions for the students:

Admitted students are to abide by the following rules and regulations:

1. The students are expected to maintain the highest standard in their academic activities.
2. All students are to carry their "Identity Card" while they are in the college.
3. Every student must provide for himself/herself all the prescribed text books, dissecting instruments, medical equipment etc. The college will NOT supply any of these to the
4. All students are to attend the classes clean and well-dressed.
5. All students, while in the college, should wear white apron, with their nameplates on the left front side of the apron.
6. Fashionable dresses, untidy hair, slippers are NOT allowed in the college campus.
7. Rings, bangles are NOT allowed as they cause impediments to practical works.
8. Students should through litters only to the waste baskets.
9. Smoking, alcoholism, narcotic drugs are strictly prohibited in the college and hospital campus.
10. Any verbal or physical violence is liable to disciplinary action.
11. Political activities are NOT permitted in the college.
12. Environment is to be kept clean.
13. Students may inform their problems/ grievances/ inconveniences to their Mentor and he will try to solve the problem of the students or refer them to the Principal.
14. Statement of the problems/ grievances/ inconveniences by the students must be in orderly and disciplined manner. Any act of indiscipline on the part of any student, including usage of abusive words or objectionable words and/or sentences, will make the students liable to punishment including expulsion from the college.
15. All types of demonstrations, processions, shouting in the college and hospital premises are prohibited and students, who are involved, are liable to be expelled from the college.
16. A student has to continue paying his/her tuition fees and session fees regularly till he/she passes the final professional MBBS examination.
17. Students are allowed to use the library. They will seat and read. Books will be issued to the students for reading in the library or in home, depending on availability.
18. Students must NOT misbehave with the staff or employees of the college or the hospital. Acts of misbehavior are also the acts of indiscipline and are liable to punishment.
19. Closing of college and hospital gates, doors of the college or the hospital departments or creating obstacles to the normal functions of the college and/or the hospital are acts of gross indiscipline and students involved in such acts or any immoral acts are liable to be expelled from the college.
20. At the time of admission into the college, the students and parents/ guardian will have to sign a bond that their children will abide by the rules and regulations of the college.
21. In case of illness or other unavoidable reasons for non-attendance to any academic session, a written statement from the parent/ guardian is to be presented to the teachers concerned, who in turn would submit it to the Principal for approval.
22. Cost of loss or damage to college/hospital property is liable to be realized from the student found responsible for the loss or damage.
23. All students who have successfully obtained their MBBS degree, are to undergo one year Internship Training (Hospital training) as per rules and regulations of BMDC (Bangladesh Medical and Dental Council).
24. The regular working days of college and hospital are from Sunday to Friday. The college is closed on Saturdays and all government holidays.
